
BECAUSE OF OUR PROfessional exposure in this community during all these many years, we know a lot of people by name, either first, middle or last.

On the other hand, of course, there are many more people who "know us" on a first name basis, although we may be somewhat vague as to when we met them, or what their monicker is.

You see, with a common first name like "George" to go with the rather uncommon family name of "Vierhus," as in our case, there is a tendency, of course, for people to remember our first name and conveniently forget our last.

That is why we are never overly surprised when someone addresses us as "George," although we may not have the vaguest idea who the person is.

You might say also that we have sort of cultivated this casual approach, namewise, especially in light of the way "Vierhus" has been mispronounced by those who are giving it a try for the first time.

So the other day we were not a bit surprised when we heard "George" called out loudly by a woman coming out of the front door of her house.

We had parked our car and were preparing to take a picture across the street from this gal's home.

We grinned, beamed and made some innocuous response to the woman who had called out our name, assuming she was just another one of our many admirers (?).

It was only then that we noticed that a little dog had bounded out of the house ahead of our friend.

Then our "mythical" gal-friend spoke again:

"GEORGE, you come back here!"

And the little hound, sniffing at our feet, obediently turned and dog-trotted back into the house.

Thre just HAS to be a moral here someplace.

We are working on it.

ANOTHER BANK HAS been approved for the Prune-Yard which will make a total of three in that unique center and nine within the city limits.

Incidentally, there was a time just 25 years ago when this town did not have even one bank.

The reason we are so smart about the time is because we learned from Alleen Cowdery, a top officer at the local branch of Wells Fargo, that last Thursday marked the 25th anniversary of Wells Fargo coming to Campbell.

Alleen was on the staff of the branch then, as she is now.

Only the bank wasn't called Wells Fargo in those days. It was the American Trust Company. The merger with Wells Fargo came later.

Alleen reported that Art Mayo, now a Wells Fargo manager in Middletown, called her to remind her of this special silver anniversary. Jack Payne, now retired, was the first manager, and Art and Alleen comprised the staff.

COINCIDING WITH THE 25th birthday of Wells Fargo in town was an informal "going-away" luncheon on Thursday for Bob Cowan, present manager (until May 1) of the bank. The luncheon was given by the staff of the Methodist Church.

Along with Ed Fabbri, Bank of America manager and president of the Chamber of Commerce we were invited to this "select" noontime affair that was spearheaded by Velva Brandon, administrative associate at the church.

But the luncheon had nothing to do with the 25th anniversary of Wells Fargo coming to town.

It was in honor of Bob Cowan, who after three years plus as Wells Fargo manager

PROBLEMS STEM FROM "EARTHQUAKE"

"Disaster" exercise alerts city staff

For three hours last Thursday, under simulated conditions, City of Campbell personnel reacted to a "disaster" situation that had developed from an earthquake that had "struck" that morning at Daly City with a damage area stretching 75 miles north and south.

At the close of the exercise, a critique with staff personnel participating, was held under the direction of Charles Coleman, of the University of Southern California, Harry King, regional coordinator of the state emergency services and Frank Holt, county director of emergency services.

Department heads, under the direction of City Manager Bob Stephens, (who was forced later to "retire" from active participation because of a "simulated" heart attack), were presented with a series of "disaster" problems affecting the Campbell area that stemmed from the "earthquake." The city personnel had no prior knowledge of the problems.

The purpose of the exercise was to judge how well the city personnel could operate under emergency conditions.

After Stephens' "disability," Fire Chief Gene Borden assumed command, as outlined in the city's emergency operational program.

During the three-hour exercise, 12 separate disaster problems were presented and solved, ranging from minor in nature to extremely serious situations.

SIMULATED PROBLEMS

1) PROBLEM: Loss of emergency generator. SOLUTION: Transfer of portable generator from Fire Station No. 2.

2) PROBLEM: Power blackout from Leigh Ave. to San Tomas Expressway. SOLUTION: PG&E restores power as soon as possible, considering the magnitude of the disaster and surrounding jurisdiction.

3) PROBLEM: Campbell Avenue bridge over San Tomas Creek collapses with two cars on bridge. SOLUTION: Two police units dispatched and barricaded area.

4) PROBLEM: Apartment complex collapses. SOLUTION: Police units and appropriate fire and ambulance units dispatched to aid in recovery of dead and injured.

5) PROBLEM: Campbell Water Co. on First Street collapses. SOLUTION: Residents warned via radio stations to conserve water and use for drinking purposes only. No other major effect on water system at that particular time.

6) PROBLEM: Hamilton Ave. overpass collapses. SOLUTION: Victims aided. Highway 17 in Campbell closed.

7) PROBLEM: Gravel truck overturns on Camden Ave. overpass. SOLUTION: Traffic control secured for east-west traffic flow. City engineer es-

PARADE AT 10 A.M. THIS SATURDAY

Pony League to open

Campbell-Moreland Pony League will launch the 1973 season this Saturday, April 21, starting with a parade at 10 a.m. from Winchester and Latimer Avenues to the ball park on Rincon Avenue, according to Chuck Cannady, league president.

The morning's program includes introduction of city and league officials and the presentation of a baseball and bat used in the 1964 World Series which was won by the local league.

The commemorative items will be put on display in the Pony League clubhouse, following their presentation to Les Baldinger, manager of the 1964 top winning team.

During the morning the new building will be formally dedicated by City Manager Bob Stephens and the first ball of the season will be thrown into play by Mayor Bill Podgorsek.

First game of the season will commence at 12:30.

Teachers demand board respond to proposals

More than 100 teachers of the Campbell Union (elementary) School District, disturbed because the trustees of the district had failed at the board meeting to respond to the teachers' latest demands for wages and benefits, staged a "demonstration" last Thursday.

The meeting, which had been scheduled for the district office on Third Street, was shifted to Castlemont School to accommodate the teacher-dominated audience.

When Dr. Bob King, board president, explained in answer to the teacher representatives' demands, that a counter proposal would be forthcoming but not at that time, the teachers walked out of the meeting.

Later they filed in one door of the Castlemont cafetorium and out another. They also carried placards with various messages emphasizing their requests.

Herb Wadley, spokesman for the Campbell Elementary Teachers Association, urged the teachers to stop the extracurricular activities and duties that have "subsidized" the programs of the district until the board provided an adequate response to the teachers' cost-of-living proposals.

Wadley claimed that the board showed disrespect for the teachers by not giving the teachers the courtesy of an immediate response. He said that the CETA had been attempting to get the trustees to respond to cost-of-living adjustments for the last seven months.

Wadley added that it was unfortunate that the teachers had to resort to mass demonstrations to force the board to do what they had asked them last fall.

District officials explain that, because of the fluctuating situation with respect to school district finances, caused by new state legislation and other factors, it has been difficult to project the fiscal status of the district.

As an example, they point out, preliminary budget figures showing "beginning balance," etc. do not take into consideration many fringe benefits that are now expected to be underwritten by the district.

They hope that the fiscal situation will "firm up" soon.

AT COUNCIL MEETING NEXT MONDAY

New weed abatement program gets hearing

Property owners who have objections to the newly-adopted strict weed abatement program of the city may make their reasons known at the public hearing at the City Council meeting next Monday, April 23.

The Council meets at 8 p.m. in the council chambers at the city hall. Under a resolution passed by the City Council on March 20, all weeds growing upon private property or in any public street or alley constitute a public nuisance and must be "abated by the destruction thereof."

The abatement program specifies that property owners "without delay" must remove all such weeds or the weeds will be destroyed or removed by the city. The cost of such removal will be assessed upon the property and constitute a lien.

At next Monday's meeting, property owners seeking an extension of time in the abatement of weeds or having other objections will be heard. The new weed abatement program has "put teeth" into the city ordinance.

City officials are especially concerned this year because of the lush growth on vacant lots caused by the heavy rainfall.

At Monday's meeting also the City Council will again discuss what should be done with the engineering building (at Third and Grant) that the public works department is to vacate within a few weeks when the move is made into the engineering wing at the city hall.

It is estimated that it will cost about $50,000 to bring the building up to code. A number of city officials have indicated that they favor demolishing the building and selling the property. Funds derived from the sale must be used for recreational purposes, according to the deed.

John Burns, county housing authority director, is scheduled to appear before the Council Monday to explain the development of a "Turn Key" project, a federally subsidized housing program for senior citizens that possibly will be located on a five-acre parcel fronting on Redding in the White Oaks area.

An appeal from a Planning Commission ruling denying Gold Seal Realty at 492 Nottingham Way, a use permit to convert a residence into an office at that location is also scheduled for next Monday.

Attorney Bill Smeed, a former Campbell mayor and councilman, is representing Gold Seal Realty in the appeal.

The City Council is also expected to discuss the guidelines recommended by the Planning Commission for signs

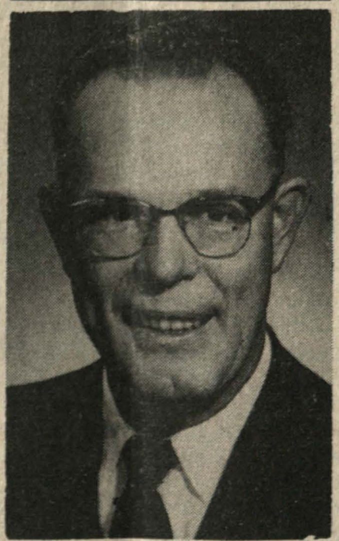
EAST CAMPBELL REPORT

That long-awaited report on possible solutions (if any) to the horrendous traffic problems on East Campbell Avenue (between Bascom and Leigh)is scheduled to be presented at the City Council meeting next Monday, April 23, by Russell Pearson, traffic consultant.

Pearson conducted a three-day traffic survey on the street in January and in February made a preliminary report to the Council on its results. The report Monday winds up the traffic survey project that was paid for on an equal basis by the county and city.



SECOND TIME--Dean Chamberlin, who served as mayor in 1970-71, is scheduled to be named mayor again by his fellow councilmen next Monday, April 23, succeeding Mayor Bill Podgorsek. Chamberlin served as vice-mayor last year. Councilman Norm Paul is expected to be named vice-mayor.

Chamberlin, a Campbell High School District administrator for more than 30 years resides with his wife, Veva, at 104 Carlyn Ave. They have two grown sons, Don and Jim.

Chamberlin, who had previously served on the Planning Commission, was elected to the City Council for the first time in 1968 and reelected in 1972.

FREE PICKUP

Residents within the city limits of Campbell will have a free trash pickup on Friday, April 27, conducted by the Green Valley Disposal Co.

Green Valley, as part of its franchise agreement with the City of Campbell, offers two such pickup services each year, once in the fall and once in the spring.

All debris, in boxes light enough for one man to carry, must be on the front curb before 7 a.m. on Friday, April 27.

AN Easter Message

Following a tradition established more than 12 years ago, The Campbell Press presents an Easter Message from a local clergyman in the issue that appears during Easter Week.

The Rev. Anthony Wayne Myers, pastor of the Congregational Church of Campbell since June, 1966, offers this year's message.

The Rev. Anthony Wayne Myers presented his first Easter Message in The Press in 1968 and has been a contributor on many occasions since that time.

REV. WAYNE MYERS

EASTER JOY

by Rev. Anthony Wayne Myers

So much of life is problematic, full of difficulties and struggle, that we forget to rejoice.

Easter is for joy! People throughout the world will rise at dawn to greet the Easter morning light. All around the world the faithful will turn to God with prayers of hope.

The message of life's renewal and resurrection will be shared in song and scripture and spoken word in many languages. In small chapels and great cathedrals Easter joy will prevail this Sunday.

Here in Campbell our churches are a vital part of our community. They teach people of all ages how to live a devout and meaningful life.

They bring God's messages of hope to people in difficulty and provide needed standards for our life together. They encourage the best in our people.

They have their doors open to all who have human problems, offering counsel and places of prayer and study for our enrichment.

Every church in our community offers welcome to those who would like to share in this holiday of joy. You will find friendship and help for your life in our places of worship. Start to church this Sunday.

Some people imagine that church people are hypocrites, saying one thing and doing another. Not so.

Church people in Campbell mean what they say and struggle sincerely to practice their faith. They are the first to admit they need God's continuous forgiveness in order to get through their lives gracefully and well. Their faith helps.

Because faith in God makes life richer, the worshippers you meet in church this Sunday, Easter, 1973, will be there to rejoice and to praise God. Join them!

ST. LUCY'S TAKES PART FOR FIRST TIME

Churches join in Good Friday services

Clergy and members from the congregations of six local churches will join together Good Friday, April 20, at 7:30 p.m. for an Ecumenical Tenebrae Service to be held at the First United Methodist Church, 1675 Winchester Blvd., Campbell.

Participating churches include the Congregational Church of Campbell, Immanuel United Presbyterian, Roselawn United Methodist, Zion Lutheran, the First United Methodist, which is the host church, and St. Lucy's Catholic Church, which is joining the Ecumenical Service for the first time this year.

"Tenebrae" is Latin for darkness and the service features the extinguishing of candles after each of five scriptural readings recalling the passion and death of Jesus Christ.

Readings will be given by Rev. Roland Wiederanders of Zion Lutheran Church, Rev. Anthony Wayne Myers of the Congregational Church of Campbell, Rev. William Dunlap of Immanuel United Presbyterian, Rev. Leonard W. Bose and Rev. Robert Leger of St. Lucy's and Rev. William H. (Ben) Gould of the First United Methodist Church.

The choirs and attending congregations will join together in the singing of several hymns from the various churches. Soloist for the evening is Bob Campbell of the First United Methodist Church.

A litany

At the 21st birthday luncheon party held on March 28 for the City of Campbell, three local clergymen, the Rev. Anthony Wayne Myers, of the Congregational Church of Campbell, the Rev. William H. (Ben) Gould, of the first United Methodist Church of Campbell, and the Rev. Leonard H. Bose, of St. Lucy's Catholic Church, led those in attendance in a "litany of celebration".

The people responded to the readings of the three local clergymen.

It was an impressive part of the program and we think the litany bears repeating in this issue of The Press at Eastertime.

A LITANY OF CELEBRATION

READER - It is a good thing to celebrate our beginnings, our struggles and our successes. It is a good thing to retrace the steps of our maturity. It is a good thing to honor those who have led and those who have followed. It is a good thing to remember that we are one people under God.

PEOPLE - We remember the years of growth of our community; we celebrate the coming of age of our city.

READER - It is a good day when we can recount our upbuilding. It is a fine occasion when we can retrace our steps as fellow-citizens together. It is a good day when we have neighbors and friends to acclaim and our own heroes to recognize and to remember. It is a fine day when we can give thanks for our blessings together.

PEOPLE - We enjoy the fruits of many labors; we live richly because others planned, prepared and participated in expectation of good days in the future.

READER - It is a moving moment when a city of people knows itself as a community that is alive and nurturing, and a satisfactory place for life and work. It is a stirring time when our city shakes loose from its growing pains and flexes the muscles of maturity, feels the strong framework of good growth and enjoys the steady heart-beat of vigorous young adulthood. It is a moving time when a city has made a place for itself under the sun.

PEOPLE - We feel the sense of our accomplishments, the rich flavor of our home place, and the new stance of our sudden maturing.

READER - We have the sense that our own community is a part of the human search for an abiding habitation where the spirit of man can flourish and where the presence of God is made evident in the common life. We remember words about that ancient search and yearning on the part of Abraham of old: "By faith Abraham obeyed the call to go out to a land destined for himself and his heirs, and left home without knowing where he was to go. By faith he settled as an alien in the land promised him, living in tents, as did Isaac and Jacob, who were heirs to the same promise. For he was looking forward to the city with firm foundations, whose architect and builder is God." Hebrews 11:8-10 N.E.B.

READER - Our minds are stirred by the creative deeds of men in every generation when they discovered that they are participants in such a search and that they are citizens of a new age not yet disclosed: "You are light for all the world. A town that stands on a hill cannot be hidden. When a lamp is lit, it is not put under (a bushel), but on the lamp-stand, where it gives light to everyone in the house. And you, like the lamp, must shed light among your fellows, so that, when they see the good you do, they may give praise to your Father in heaven." Matthew 5:14-16 N.E.B.

READER - Will you join me in words of celebration? Let us lift up words of thanksgiving and praise at this anniversary of our city of Campbell.

PEOPLE - Remembering all who have brought us to this time and place, we give thanks and express our praise. We celebrate our present coming of age and eagerly await the unfolding of tomorrow's promises in the city of Campbell. Mindful of the creative power behind all that is good, we dedicate ourselves to continued labor for good with our neighbors, our friends and our fellow citizens. Celebrating the realization of our human hopes, we give thanks and share our joy together. AMEN.

Public Schools Week

The week of April 23-27 has been officially designated as Public Schools Week.

Many of the local schools are planning open house activities and programs to demonstrate the student accomplishments during the year.

The particular week offers all of us, whether we have youngsters in school or not, the opportunity and/or excuse to visit and observe the various schools and gain some idea of modern educational methods and programs.

We hope both parents and non-parents will take advantage of the situation.

in town, on May 1 will become the manager of the bank's branch in Eureka.

We were pleased that Velva included us.

We appreciated the opportunity of wishing Bob well in his new assignment.

Of course, the Rev. Ben was present.

Ben recalled the tremendous help that Cowan, who is a pilot with his own plane, had been to him in an emergency at one time.

Ben needed to be in Chico for a funeral one morning and then back to Campbell for a wedding in the afternoon. A situation that sort of defied any solution logistically except via a direct air flight.

Bob provided just that.

So Ben made both appointments with Bob as his special sky-pilot.

GOING FROM ZERO TO nine banks in town in the space of 25 years must be some sort of a record.

By the way, although there was no bank in town just prior to the American Trust coming here in 1948, records show that there had been banks in prior years.

The third bank for the PruneYard will be the First National joining the Bank of America and Crocker in that center.

We haven't the slightest idea how the big wheels of bankdom pick locations for their branches.

But it is still difficult to justify, in our mind anyway, the need for nine banks in this town.

We concede, however, that experience in financial activities of that nature is extremely limited.

We have never been privy to the making of decisions in the inner sanctum of these prestigious financial institutions.

Our banking is done on a modest or, one might say, a penny-ante scale. Our dealings with banks and bankers have rarely been major enough to go beyond the local manager's desk.

But we are happy to pass on, for what it is worth, the reason we heard that the PruneYard was such a popular location for banks.

Our informant maintained that it was because the banks in the PruneYard should be relatively free from hold-up possibilities.

His reasoning was that any would-be bank bandit, in his right mind, if he had first cased the PruneYard area, would not dare try a hold-up of a bank in the center because the chances are that he would be thwarted in trying to leave the PruneYard in a hurry.

There really is no way to do that, as probably some of you have found out.

And, a few others have crumpled fenders to further substantiate it.

If you think that would be frustrating for you, just imagine how it would be to some guy who had just made a heist at a bank and was trying to get out to either Bascom or Campbell avenues from the PruneYard in a hurry.

Forget it.

CAMPBELL'S ARTICULATE public works director, Bill Wren, was speechless at a recent City Council meeting for a brief moment while recovering from a statement made by Mrs. Donna Mitchell at the meeting.

Mrs. Mitchell, who was in disagreement with Wren over how to solve the vexing traffic problems of Jeffrey-Budd-Virginia, thought all trucks should be banned from the streets.

She thought the truck count made by Wren's department did not tell the whole story.

Particularly disturbing to her was a truck that guns by her house just 30-feet from her bedroom in the early morning hours.

"To get a better understanding of the situation, I think Mr. Wren should spend the night in my bedroom," Mrs. Mitchell concluded and sat down.

While Wren's jaws stayed at a half-mast position, guffaws rattled off of the walls of the council chambers for some time.

Research can be interesting.

RECENTLY AFTER what had seemed to have been a never-ending project, the office made the final payment on the contract for the purchase of one of the infernal machines needed to run the joint.

Highly elated over this fiscal achievement, we dropped off a memo to the concern requesting some sort of a paper that we could file to historically and suitably commemorate the situation.

Floating on this no-payment-this-month cloud, an unusual experience for us, probably caused us to become overly expansive in our thinking.

We envisioned a gilt-edged contract emblazened with "paid-in-full" or something equally as spectacular.

You know what we got back?

The same memo we had sent, except it had been marked with a "paid" stamp, initialed and dated.

Admittedly, it was no big deal for the firm, which is one of the biggest in the world.

But we couldn't help thinking about that returned memo when we recall that this same firm, via the computer, always sends out three copies of each invoice.

One copy goes back with the payment.

One copy goes into our office file.

And the other copy?

It has always gone into File 13 at our office.

Or are we being too subtle?

Planning Commission denies another conversion request

By a unanimous vote Monday night, the Planning Commission denied the request of Serafina Chinazzo at 2290 Winchester Blvd. for a use permit to convert the residence at that location into an office.

The building has been used by "Rental Finders" since last August, Art Kee, planning director, reported, in violation of the city ordinance.

In other actions, the Planning Commission approved a use permit for Vanderson Construction Co. to construct a single story, private elementary school at 501 Vandell Way (between Dell and Winchester) in a C-M (controlled manufacturing) zone.

The city's planning staff had recommended denial of the application. But George Van Sickle, of the construction firm, overcame most of the objections in his oral explanation to the Commission.

Carden el canto school is planned for the 2½-acre site with an anticipated enrollment of 200 from kindergarten through ninth grade.

In rapid-fire order the Planning Commission on Monday approved: industrial warehouse/office for David R. Schrader at 213 Cristich Lane; warehouse/office for William F. Jury at 1190 Dell Ave.; a cabinet shop for Christine A. Gilbert at 1161 Dell Ave.; an office building for NPL Associates at 477 Division St.

The Commission continued action on the plans of Charles T. Marotta for the conversion of a residential building into an office at 145 Dillon and also a zone change for Henry C. Stoner from R-1 to R-M at 235 N. Third St.

Despite the objections of Fred Chez, the Planning Commission unanimously recommended the adoption of the amendment to the city's zoning ordinance that would include the sale of propane gasoline as part of a service station operation.

Father of Campbell's mayor dies

Funeral services were held in Duluth, Minn., on Monday of this week for Frank Podgorsek, 78, father of Mayor Bill Podgorsek of Campbell.

Campbell's mayor was notified of his father's death at midnight last Thursday, just as Mayor Podgorsek was about to board a plane in the San Francisco airport to go to Duluth to visit his father, who had been hospitalized for some time.

The mayor cancelled his flight and then with Mrs. Podgorsek, who had not planned to go with him originally, took a flight the next day. They plan to return this Friday.

In addition to Campbell's mayor, Mr. Podgorsek is survived by his wife, Ann Podgorsek, and another son, Robert, both of Duluth. Eight grandchildren also survive.

The elder Podgorsek was a visitor to Campbell a year ago and was a proud observer of his son's installation as mayor.

DEBBIE HAVENS

A Campbell High School senior has been appointed as youth employment director for the Campbell Chamber of Commerce.

Debbie Havens, 17, 1270 Theresa Ave., will maintain the youth employment office when it opens officially on May 7 at 100 W. Rincon Ave.

Announcement of the director was made by Jim Bower, Pacific Telephone manager, who is chairman of the Chamber's youth activities committee.

The appointment was made after screening a number of local outstanding girls for the position, which was first created in 1969 to procure summer jobs for high school students.

The new director has been active in school, church and election campaigns and is currently a drama commissioner at school, active in girls' sports and CSF Honor Society. Her hobbies are sewing, music, swimming and biking.

Debbie's family includes her parents, Mr. and Mrs. Cliff Havens, a brother, John, a student at San Jose State University and a sister, Cindy, a freshman at Campbell High.

Following her graduation in June, Debbie plans to enroll at San Jose State University.

During the coming weeks, the "YES" (Youth Employment Service) girl will be introduced to service clubs and local businessmen and will enlist their aid in obtaining student jobs.

Tryouts for Campbell's flag girls and pirettes have been held, and the super stepping drill team for next year will include Mary Kay Gilliland, Judy Yeager, Yvette Valencia, Leslie Russell and Rena Stein as new members. New flag girls for '73 will be Leslie Crase, Mary Ellen Ittner, Nancy Hume, Luanne Elga, Dianne Kiser and Kathy Drew. Congrats! Tryouts will soon be held for cheerleaders, song girls and lettergirls.

Since we are currently in the middle (ahh!) of a glorious Easter vacation, I've decided to sprout some of my own ideas on a favorite subject--partly for lack of other more interesting material.

And sooo.....

TEXTBOOK SLANT

One of the major concerns of people interested in child development lately has been the problem of sexism in schools. Since most of a young person's life is spent in that institution, the ideas and knowledge that he picks up there should be very important in his later life.

On November 23, 1972, the San Jose Mercury published an account of the National Education Association's crusade to "reduce the negative effects of sex role stereotypes" that are pushed onto young children from the time that they can communicate with the outside world. The N.E.A. has tried to remove the female-male roles from textbooks, TV and from parental attitudes.

A community group in Kalamazoo, Michigan, recently compiled guidelines for elementary textbooks. Some of the requested requirements were that "boys and girls participate equally in physical and intellectual activities," "mothers be pictured outside the home," and that "fathers be in any other than stereotyped roles."

In my very own opinion, school textbooks on higher levels do neglect achievements made by women. Women playing important roles in our country's history are seldom written of in our history textbooks, unless as benevolent nurses or loving wives of presidents. Few people know that Lady Godiva had a purpose when she rode nude through the streets of England, that one of the most important union army surgeons was Dr. Mary Walker, and that women disguised themselves as men and fought bravely in the Civil War.

For example, the current textbook used in Campbell's U.S. History classes -- History of a Free People -- hardly even mentions women. The "political importance" of women, and the women's suffrage movement is discussed in a few paragraphs--without the mention of any of the famous American women who spent their lives working for women's rights.

I feel that since American women conducted 480 campaigns to get suffrage amendments to voters; 227 campaigns to get state party conventions to include women's suffrage planks, 30 campaigns to get presidential conventions to include those same planks, and 19 campaigns to 19 successive Congresses working for the suffrage movement, this movement is not given anywhere near the attention it deserved.

A paragraph entitled "The Changing Status of Women" announces that women had NEW FREEDOM because books, houses and movies were often modeled to please them, and that "objects of domestic adornment" such as rugs, lamps, etc., had to conform to female taste. My ideas of freedom go beyond this level.

Take a look through the English textbooks -- the required sophomore and freshman book contains 112 male and 14 female authors. The outside reading is male-oriented -- Huck Finn, A Separate Peace and Animal Farm (in which the only female character is a silly, simpering horse).

Is this fair? Maybe more important, IS IT a correct picture of the world today? I don't think so. Textbooks today should present a clear picture of society at large to the developing child who reads them. There should be some changes made -- for as Maureen Connell stated in a recent "Seventeen" editorial, "History is HER story too!"

ARMOR FOR BRIDE

In Medieval times, the Norse bride wore a sword, axe and shield to defend herself against a rejected swain who might try to kidnap her from the wedding procession.

Safeway's Mrs. Wright's Easy-Scoop Biscuits Recipe
Recipe Compliments of Ladies' Luncheon League
2½ Cups Mrs. Wrights Biscuit Mix
⅓ Cup Lucerne Instant Non-fat Dry Milk
1½ Tablespoons Sugar
¾ Cup of Water
Just mix all the ingredients with a fork in one bowl. The dough will be very wet . . . that's the way it should be. Scoop out the dough with a small ice cream scoop and place the biscuits on a cookie sheet (if you line it with foil you won't have any pan to clean). Grease cookie sheet or foil lightly before placing biscuits on it. This recipe makes 9 to 12 large biscuits depending on the size of the ice cream scoop. Bake for 10 to 12 minutes in a 450 degree oven and serve a happy family.

Fifty years together

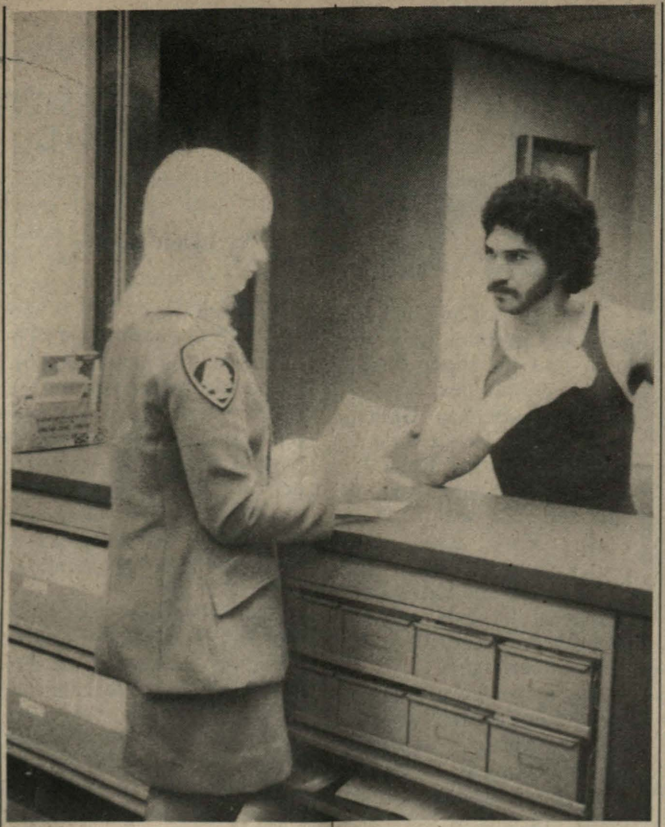
MR. and MRS. D. J. DECKER

The congregation of the Campbell Baptist Church gathered in the Friendship Hall after the evening services recently to honor Mr. and Mrs. D. J. Decker of Alice Avenue, who will soon celebrate their 50th wedding anniversary.

Rev. Lorne Brown, pastor, and his wife, Emma, sang a duet for the couple and a glass cake plate trimmed in gold was presented to them. A three-tiered wedding cake was served to the guests and the featured decoration was an archway decorated with ivy and yellow carnations.

Married in Quincy, Illinois, Mr. and Mrs. Decker have been residents of Campbell for 35 years and prior to their retirement ran a grocery store in the downtown Campbell area.

The Deckers' children, Mrs. Larry Lewis of Reno, Nevada; Leon Decker of San Martin and Brent Decker of Santa Cruz will jointly host an open house in their honor Easter Sunday. Also planning to attend that day's festivities are the Deckers' five grandchildren.



MAY I HELP YOU?---Jackie Allison is shown helping a visitor to the Campbell Police Department obtain a copy of an accident report. Jackie, Donna and Virginia Brooks, (not on duty when the pictures were taken), have the first new uniforms in Campbell Police Department's history.

THE NEW LOOK --- Donna Perry is shown above at the Campbell Police Department dispatch desk. She, and two other department women recently donned new avocado green and white uniforms. The uniform change is a first for Campbell. The three-piece uniform can be worn with or without the suit jacket.

HONORED GUEST---Bob Cowan (left), manager of the Campbell branch of Wells Fargo for the past three years, will become manager of the Eureka branch on May 1. Cowan was guest of honor last week at an informal luncheon hosted by the staff of the First United Methodist Church of Campbell. Next to Cowan (above) is Velva Brandon, administrative associate at the church. Also in the picture are the Rev. W. H. (Ben) Gould and Alleen Cowdery, of Wells Fargo.

4-H CLUB MEMBERS

by Marian Kamlin

Last Saturday, April 7, a county-wide 4-H contest called Presentation Day was held at James Lick High School.

On Presentation Day, a spectator could learn how to make bread, how to sew on a button, how to shear a sheep, what makes small engines tick, and numerous other things. He would learn from 4-H'ers who were showing the skills they have learned in their projects. A pilot project-"Tropical Fish", in the Campbell 4-H club was well represented by four members.

By noon, everyone was finished, or nearly so. The local stores and drive-ins were flooded with white and green 4-H uniforms. Picnic lunches were very much in evidence about the school-grounds. In the gym some more 4-H'ers led recreation. All the while the judges were being served a luncheon prepared by the 4-H clubs entered in the contest.

Finally everyone met in the gym. The big moment had arrived. Our Campbell club did quite well. Nearly everyone there was satisfied with the day. I hope to see even more 4-H'ers there next year.

The Campbell placings:

Gold: Nora Smith, "Is It, or Isn't It?"; David Cassingham, "Do Your Wheels Fit?"; Madeline Gallagher, "Equipment in an Aquarium"; Dee Robnett, "Put Some Spice in Your Life".

Blue: Marian Kamlin, "Aquarium Beautiful"; Audrey Kamlin, "Aquascape"; Tami Koval and David Turner, "Care of Cavies"; Sharon Cassingham, "Where's the Border?"; Sue Sgattoni, "The Family Tree".

Red: Christopher Drouin, "Fish in a Bag".

All of our gold medal winners will go on to the South Bay Field Day, which is the regional demonstration contest. Good luck to them all.

Family forum begins Easter

Beginning Easter Sunday, April 22, Rev. Ken Poure will conduct a family forum that will put a spiritual emphasis on family life, at the Saratoga Avenue Baptist Church, 1735 Saratoga Ave., San Jose.

There will be three sermons on Easter Sunday, at 8:30 a.m., 11:00 a.m. and 6:30 p.m. On the following three days, Monday-Wednesday, Poure will speak to the fathers at 6:30 a.m. and at 10 a.m. to the mothers. In these sessions he will cover "husband-wife relationships," the "discipline of children," and "development of character."

Child care will be available at all services.

The Marines were never like this---

by Pat Liden

Campbell High School has not only Marine Corps cadets but "cadettes".

Thirty-six girls are enrolled in the Marine Corps pilot course, first in the district, and only the second one in the whole nation. If successful, the course may be offered at all Campbell High School District schools next w
year.

The course isn't a feminized version of ROTC training, either, says commander Colonel Arthur Eppley. The girls have the same curriculum as the boys in physical fitness, marching, military history, flag observances, navigation, and gun safety. They'll take the same endurance hikes and runs, "blind hikes" where they have to determine their route and destination by compass, water survival and scuba diving tests, and marksmanship tests with both rifles and pistols. They're learning self-defense in jujitsu and judo. They will demonstrate these self-defense skills at the Campbell PTA program Wednesday, April 25.

The weekend of April 28, they will go on regular army-style bivouac at Fort Ord, pitching tents and camping out. They'll run a mile before breakfast, take hikes with full packs and practice marching and marksmanship.

Because the government issue doesn't yet include uniforms for girl marines, Colonel Eppley bought some band uniforms, blue with red stripes down the pants legs, and had them tailored for the girls. They were in uniform, including even their police dog mascot, "Donner", for their first inspection by "commander-in-chief", Superintendent N. R. Montesano last month.

PARADE REST --- Campbell High School coeds, pictured above, are members of the Marine Corps pilot course, offered for the first time this year. The girls have the same curriculum as the boys and will go on a regular army-style bivouac at Fort Ord later this month.

OUR TOWN

by JoAnn Zoller

Some of us are "talkers" and some of us are "doers" but members of Mrs. Madeline Smith's FIFTH GRADE CLASS at Dover School are definitely "doers." They recently joined the Johnny Horizon Club which is a "Clean-Up America" project, and immediately took it upon themselves to clean up their own school, inside and out, as well as some of the neighborhood business grounds.

Earlier this year they created a beautiful stitchery mural depicting an underwater scene. The mural, which took many months of scientific study and much art ability to complete, is on display for the month of April in the Department of Education in Sacramento.

Next Tuesday, April 24, the class plans a trip to Sacramento in hopes of being photographed with their mural and perhaps meeting Governor Reagan and Mrs. Wilson Riles..

An interesting meeting is planned this Saturday night at 7:30 p.m. by the TRI-FI-NITES, an adult social group from the First United Methodist Church, when they will take a trip to Minolta Planetarium at DeAnza College. Program for the evening is "The Sky of the Spring Night"...

DR. JOHN DEL FIUGO and his wife, ZEE, returned Saturday from an eight-day vacation to Switzerland where they toured several cities including Basle and Fribourg where John attended medical school.

Prospect raises trip funds

All band members, including Tom Wyant, director, are obtaining pledges from their friends and neighbors for the ten mile ride. They will leave Saratoga Creek Park between 9:30 and 11 a.m. at fifteen minute intervals to avoid traffic congestion. The route will be: Prospect Avenue to Highway Nine; into Saratoga and down Saratoga Avenue to Cox; then back to Saratoga Creek Park.

School honors retiring custodian

WILLIAM (BILL) FINTON

William (Bill) Finton, Campbell High School custodian for more than 18 years, was honored at a surprise reception in the school library recently, on the occasion of his retirement. Staff and faculty joined to present him with a watch as a goodbye gift.

A Campbell resident since 1944, Finton and his family will continue to make their home here. Currently they are making plans for a four months' vacation trip to the eastern seaboard and the middle west. While they are gone they will visit relatives and friends in Florida, Pennsylvania, Kansas, Ohio, Minnesota, Colorado and South Dakota.

Born and raised on a farm near Howard, South Dakota, Bill Finton married Lillian Larson in January, 1938 in Canton, South Dakota. The dust bowl years and poor health led to their leaving the prairie country and coming to California.

His years at Campbell High School span the time when it was the only high school in the district until the present, and he has a strong loyalty to the old school. "It was built to out-last a lot of buildings going up nowadays", he says. The loyalty also extends to its students.

"Kids have more cars to drive to school now but outside of that they are pretty much like students were when I first came. They aren't any messier or more destructive than any other group of students through the years", Bill claims.

Before he came to the school he worked for the Santa Clara Stove Company in a manufacturing capacity. He and his wife have two daughters, one who lives with them and another who is married and lives in the area.

For now, a little bowling, a little pool, and some leisurely work in his yard and garden look pretty good to Bill Finton but he leaves many friends at Campbell High School who hope he'll drop by when gardening palls.

ON THEIR WAY — The Fantasmas, a group of 26 Campbell High School student singers, dancers, and musicians, is being featured on a number of community programs. Similar to the Young Americans, nationally-known entertainers, the group was organized early this year under the direction of teacher William Perkins. After their first school concert in March, they have presented programs for a women's club convention, for the Women's Fellowship group at Campbell Congregational Church, for service clubs, and student groups. They will be featured on the Awards Night program at Campbell auditorium, Friday night, June 1, open to the public. They have been invited to play at Pepperdine College in Los Angeles and also have a tentative date for playing at Disneyland.

Home Safe Home
PG&E service tips for home safety.

Do's

▪ Have your gas appliances thoroughly checked once a year by your appliance or furnace man or plumber. While he's there ask him to make sure safety pilots are operating properly; air openings on burners are clean and set for a blue flame.

▪ Check for rusted or loose-fitting vent and flue pipes and have them replaced. If you ever should smell a gas leak, call PG&E *immediately*.

▪ Make sure that burners and controls on your gas furnace, wall or floor heater are clean at all times. And be sure to clean or replace dirty furnace filters periodically.

▪ When you disconnect appliances, always pull the plug from the outlet *first*. Also make sure electric tools are properly grounded, and frayed or broken electric cords are replaced.

Don'ts

▪ Don't place furniture or drapes over or close to any heater, or let gas accumulate before lighting a gas pilot. Be sure that range burners and heating elements are off completely when not in use.

▪ Never overload one outlet or circuit by connecting too many appliances to it. And never let youngsters tamper with electric cords or outlets.

▪ Finally, *don't* ever hesitate to call a PG&E service man to check out any gas leak or gas service problem. And while he's there, ask him to show you where your gas pilots are located and how to go about relighting them. If repairs or parts are needed, call an appliance or furnace service man or your plumber.

GIRL SCOUT News

NEIGHBORHOOD 15
by Erlene Cleveland

With the Girl Scout cookie sales almost over (a few girls may still be at shopping centers, banks, etc.), the girls are settling down to the business of earning badges, having intertroop activities and planning for summer camps.

Brownie Troop 767 recently completed a tour of the Cupertino post office, and together with Brownie Troop 1020, both troops from Baker School, have been making tray favors for the Westmoreland Convalescent Hospital. These two troops were invited by their sister troop, Junior Troop 169, to a skating party and intertroop entertainment session. Juniors of Troop 169 have completed their sewing and cooking badges and are presently working on requirements for the World Neighbor badge.

Junior Troop 211 had a "Hoe Down" for their families and friends recently. The evening began with a potluck dinner and continued with folk dancing during the evening. The affair was held at Hazelwood School, according to Mrs. Robert Daniels, troop leader.

Bucknall School's junior troop 1047 have been working hard to complete requirements for their Active Citizen and My Community badges. They visited the Winchester House and toured Radio Station KXRX and, as part of their study, Holly Vollenweider of Vollenweider Real Estate, gave the girls a slide/talk show of the history of our community.

At the Father - Daughter Dinner and Court of Awards, for Troop 1047, the girls received badges they had earned during the year and a puppet show and play "The Emperor's New Clothes" was given by the troop dramatics badge group. Since that time the group has been asked to present the play for the primary and kindergarten groups of Bucknall School.

Troop 1047 is now preparing for an early summer camping trip, according to Mrs. Ernest Bedard and Mrs. Arnold Martin, troop leaders.

The Sustaining Membership Enrollment campaign will be held from April 27 through May 11. This year, our neighborhood's SME Chairman is Robert Daniels. Daniels tells us that the SME supplement services to troops, such as training of new leaders and on-going helps for experienced leaders, a reference library for leaders, use of council-owned sites and Scout houses free of cost to troops, and a host of other services. Our neighborhood wishes to thank Bob and his staff for their effort in our behalf.

GRADUATES

Navy Seaman Robert A. Willbee, son of Mr. and Mrs. David M. Willbee of 3901 Bucknall Rd., Campbell, recently was graduated from recruit training at the Naval Training Center in San Diego.

A 1966 graduate of Campbell High, he attended Chico State College, and will report to Aviation Support Equipment Technician A School, Memphis, Tenn.

On this date in 1942, Lt. Col. James H. Doolittle led 16 B-25s on a bombing raid of Tokyo, Japan, during WWII. The planes took off from the carrier "Hornet."

HMM, GOOD! --- Following their trip to the Montgomery Theater in San Jose, to see "Puss in Boots," Brownie Troop 826 enjoys a triple ice cream cone treat. Leader Mrs. Patrick Sullivan appears to be enjoying it as much as the girls.

ART TRIP---Kristylynne Brady and Charaye Leese, Brownies from troop 826, admire art entry of Karen Farrington (Rolling Hills School), at the county-wide art exhibit held recently at Jay McCabe Hall in San Jose.

TEN'S A CROWD — Capri School students from every class helped with tree-planting on the school grounds last week. Pictured above are members of Bill Lee's sixth grade class. The City of Campbell supplied the trees, selected by students.

A HELPING HAND — Cindy Brott, Renee, Frias and Artie Day were among students at Capri School who took part in planting some 25 trees at the school last week. Students selected a wide variety of trees for the planting, from acacia to fruitless mulberry.

SMALL FRY — Two year-old Timmy Todd was among other "helpers" at Capri School last Wednesday as students planted trees along the school grounds. In addition to the tree-planting, bushes, shrubs and native flowers will also be planted at the site at a later date.

EASTER TIME — Campbell youngsters Jill and Aaron Alvarez get a preview of the Easter Bunny at the home of their grandfather, Fred Schraub. Jill, 3, and Aaron, 4, are the children of Mrs. David Alvarez of Campbell.

BASEBALL

West Valley lost to Contra Costa Tuesday, at the same time second place Marin was losing, and came back to tag Canada with a come-from-behind loss Thursday on the PAL diamond.

The Vikings get some time off from Camino Norte Conference activity this week but WVC will be out to try for the title in the Viking-Jaguar Easter tournament slated to start Wednesday at Central Park in Santa Clara.

A pair of ninth inning doubles did the trick for West Valley against Canada last Thursday at PAL. Down by a run heading into the frame, the Vikings got two in the ninth, to claim their 11th league win in 14 outings.

Kent Couchee (Los Gatos) picked up his fourth mound win of the year with a strong effort for the Vikings. Couchee fanned 14 in the game.

West Valley got a run in the last of the third. With one out Phil Benevento (Del Mar) beat out an infield hit and, after a fly out, Bob Nickeson (Prospect) doubled down the right field line. Gale Asti (Prospect) hit the ball to the first sacker who muffed the play and Benevento scored.

Couchee gave up only one hit the rest of the way to claim a four hitter but went into the last of the ninth trailing by an unearned run. Roger Cantrell (Branham) popped to first before Bill Malpas (Branham) was safe on the third sacker's error.

Rick Mallman (Prospect), hitting for Couchee, smacked a one hop rocket that the first sacker snagged and made the put out, Malpas trotting to second. With two down Benevento lofted a high pop down the right field line. The outfielder overran the ball and fell trying to get back. It dropped for a two bagger, Malpas plating the tying run.

Brad Helder (Westmont) went in as a pinch runner and Mitch Vierra (Westmont) promptly crashed a game winning double to the left field fence to end the game 3-2 WVC, Helder crossing the dish with the crucial tally.

Against Contra Costa, a pair of Comet home runs and a pair of three run innings proved too much for WVC as they fell 8-3.

Gene Litle (Mitty) was the loser in the game, dropping his record to 6-2. Litle gave way to Joe Alvarez (Campbell) late in the game and the former Buc shut out the side in the last two frames. Lauro and Nickeson each doubled for the Vikes.

TRACK

Last week the Vikings beat the Comets 87½-48½ to win a Coke cup with the inscription, "West Valley track-Contra Costa track....a friendly rivalry."

West Valley won the "friendly" meet by nailing first places in all of the six field events, four of the eight track events and one of the two relays.

John Triplett (Branham) was WVC's only double winner in the meet, taking the long jump at 21'8" and the triple jump at 46'2½".

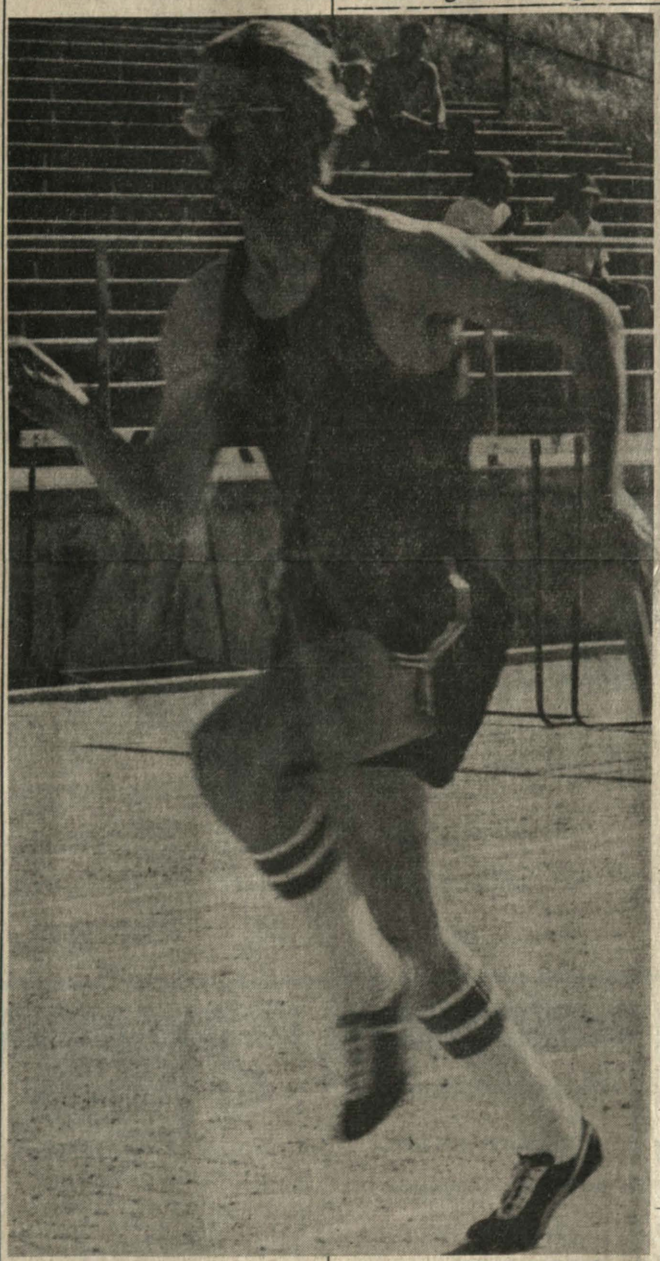
GOLF

A pair of big wins highlighted golf play on the West Valley College links this past week. The Vikings topped Canada 48-6 before whipping Solano 40-14.

SWIMMING

Without the services of All-American Tom Riley (Prospect), West Valley College whipped San Jose City College 70-42 recently to end their dual meet season with an amazing 12-1 record.

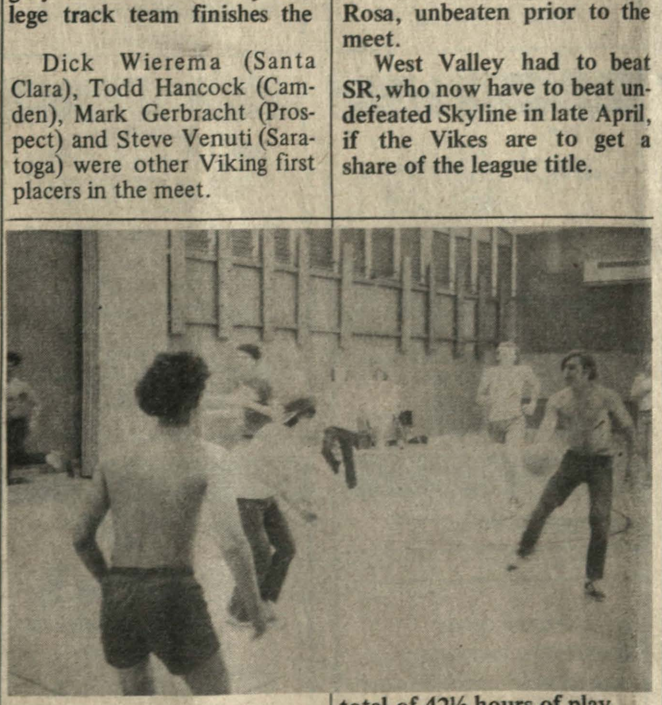
West Valley swept six events on the day to drive to victory even though they lost both relays to the Jaguars. Charlie Porter (Del Mar) and Dan Reed (Prospect) were the only WVC double winners in the meet.



WITH BATON — Brooks Gregory of the West Valley College track team finishes the final leg winning 440 relay in a crucial meet against Santa Rosa, unbeaten prior to the meet.

Dick Wierema (Santa Clara), Todd Hancock (Camden), Mark Gerbracht (Prospect) and Steve Venuti (Saratoga) were other Viking first placers in the meet.

West Valley had to beat SR, who now have to beat undefeated Skyline in late April, if the Vikes are to get a share of the league title.



SECOND DAY — Westmont students are shown above as they entered the second day of their attempt to break the 100-hour record for the longest continuous basketball game. The group completed a total of 42½ hours of play.

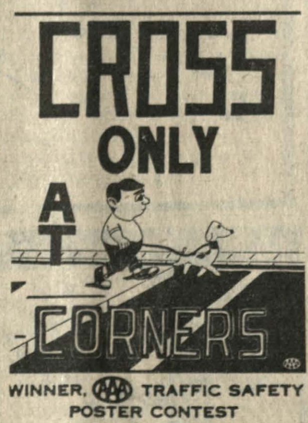
CHAMBER DIRECTOR — Roger A. Wheeler, a dentist, 2075 Winchester Blvd., was appointed director-at-large of the Campbell Chamber of Commerce, at a recent meeting. Wheeler, formerly of Billings, Montana, came here last May. He and his wife, Janice, and three children, reside at 1319 West Campbell Avenue.

HORSE SHOW

Santa Clara County Horsemen Association will hold its annual spring show April 28 and 29 at their grounds, 20350 McKean, San Jose.

10 WINKS—Getting a little shut-eye is one of the Westmont High School students who participated in a basketball marathon last week in an attempt to raise funds for the senior class publication. They completed over 40 hours of continuous play. The current record, according to the Guinness Book of World Records, is 100 hours.

A CHALLENGE—Two Campbell high school students began a billiard tournament here yesterday and have issued a challenge to students in surrounding districts. Jeff Stoner, 17, and Bill Patton, 17, began their non-stop game early Tuesday at Campbell Billiards, 266 E. Campbell Ave., and will continue through Friday, they say.



WINNER, AAA TRAFFIC SAFETY POSTER CONTEST

CAREFUL THIEF

A tidy burglar broke into a South Clover Way home recently and made off with over $1,400 worth of household goods, including a clarinet, trombone and shotgun, in addition to television and stereo equipment.

According to police reports, the thief carefully moved articles from atop the television before removing the set and left nothing out of place in the Campbell home... except the missing articles.

THE LAWN NEEDED...

Missing from United Rent-All, 1565 Winchester Blvd., last week...one 19 inch, green power mower. Value was set at $135.
